ORAL PRESENTATION GUIDELINES

- ✓ Each presenter will be allotted 15 minutes for the presentation, followed by 3 minutes for Q&A and transition to the next speaker.
- ✓ Presentation files will be run through the designated computer system available in each session room.
- ✓ Presenters must ensure that their presentation files are uploaded to the system before the session begins, with assistance from the session chair or designated coordinator.
- ✓ Only .pptx and .pdf file formats are supported. Presentations may be prepared in either 16:9 or 4:3 aspect ratios.
- ✓ If your presentation includes multimedia files (e.g., videos or audio clips), please carry them as separate files in addition to embedding them in the slide deck. This helps avoid playback issues during the session.
- ✓ When using PowerPoint presentations, avoid custom or non-standard fonts. Use system default fonts to ensure consistent formatting across devices.
- ✓ The first slide of your presentation should clearly mention your name and institutional affiliation.
